

BODY TREATMENTS

Body Buff

A truly restorative spa body treatment, The Body Buff includes a rejuvenating mineral salt body polish followed by a hydroxy-acid application that helps brighten dull skin.

Drift into tranquility as your massage therapist uses a unique blend of organic Omega-3 oils to relax and revive.

Elemental Body Scrubs

This body scrub treatment utilizes a Mineral Salt Body Polish – choose from Mandarin or Verbena Cypress polishing beads to rehydrate dry, parched skin. Best followed by a massage.

Sweet Maple Sugar Scrub – A hydrating sugar and shea butter scrub helps shed dead skin cells to reveal the supple skin beneath.

Hand Renewal

Created to treat extreme dryness and age spots on hands, this treatment uses ultra-sound technology to exfoliate and allow hydrating serums to deeply penetrate the skin.

GNY Spa Back Treatment

Combining the benefits of a back massage and elements of a rejuvenating facial, this treatment features a sweet sugar polish and detoxifying clay mask, as well as our tension-busting heat therapy treatment.

A 25-minute back massage concludes this indulgent experience.
